

Congratulations Lester Trilla

**2006 ELLIS ISLAND
MEDAL OF HONOR
RECIPIENT**

During the course of our lives we all meet people that have made a positive impact on us. We meet that special someone who, for whatever reason, changes our lives for the better.

Maybe this special person is our brother.

Maybe this special person is our father.

Maybe this special person is our dear friend.

Maybe this special person is our employer.

There is no other man in any of our lives that we feel is more deserving of such a distinguished and honorable award as the 2006 Ellis Island Medal of Honor. You are special to each and every one of us. We are all so grateful for your support, your love, and the kindness that you have bestowed upon all of us.

We each have a story of your unselfish kindness and generosity, as you have given support to each of us in one way or another. You truly are the most generous, compassionate and sincere man that we know.
